“You never know who you’re helping. It could be someone who looks like you; just a regular person — someone you pass in the street. Before I experienced the fear of not having enough money to pay for rent and food, I had no idea that ‘someone in need’ could be me. But I needed help desperately and EFAA was there for me. Now my son and I are doing great.” - Lloyd

DEAR FRIENDS,

For 99 years, people like you have strengthened our community. Your support of Emergency Family Assistance Association (EFAA) helps families in crisis meet their most basic needs as they work hard to build a brighter future for themselves and their children.

While EFAA's commitment to providing safety-net services remains as strong as ever, last year marked a heightened commitment to also improve the conditions that shape the long-term success of the people who come through our doors.

Because of you, EFAA was able to expand and launch several new programs focused on reducing family homelessness and intergenerational poverty in Boulder County. Your support means that families who were homeless have a chance to rebuild their lives and access the resources they need to help their children become school and life ready, positively impacting the rest of their lives. It also means that single mothers, struggling to make ends meet in low-paying jobs, now have access to on-the-job training and skill building they need to improve their earning potential for years to come. And, in partnership with Boulder Housing Partners, EFAA now helps families with young children secure and thrive in permanently affordable housing that is paired with educational opportunities. What you have done is life changing for so many people – the very people who are the engine of our community.

As you have seen over the years, EFAA is continually adapting to meet the unique and changing needs of our local community. We are also committed to understanding and impacting the factors that drive family homelessness and poverty locally. Together with local experts, we work to educate the community, give our clients a voice and help families become more self-sufficient.

Whether providing food to a family who is facing the impossible choice of paying rent or buying groceries, helping a family avert eviction with rent assistance, or helping a child get eyeglasses so they can see the chalkboard, 84 percent of every dollar EFAA receives goes directly to programs that help people get back on their feet.

Thank you to our volunteers, individual and corporate donors, foundations, and government, non-profit and faith community partners for continuing to make this work possible. Our united commitment to strengthen hardworking families and the opportunities they can provide their children will impact our community for generations.

Challenge: Housing

Nearly half of Boulder County homeless residents are families with children.

Housing costs are skyrocketing yet low-paying wages are stagnant, making it harder for many local residents to stay in their homes, schools and jobs.

The average EFAA family is spending more than 70% of their income on rent, making them highly vulnerable to day-to-day financial strain and bumps in the road.

EFAA's Solution:

Short-term rent assistance can keep a family in their home, avoiding the crisis of homelessness.

EFAA's short-term and transitional housing gives homeless families a chance to get back on their feet and working toward self-sufficiency.

Bringing School Home provides families with very young children with affordable housing linked to ongoing educational opportunities.

Internships to Careers for Motivated Moms helps low-income mothers get on-the-job training and skill building needed to improve income potential for years to come.

We educate the community about the issues facing families in need, such as income & wages, and affordable housing, so that people can make better informed decisions on public policy.

Challenge: Childhood Poverty

One third of Boulder County children live in poverty.

Childhood poverty here has grown nearly 75% since 1990.

Children dealing with homelessness experience toxic stress that can impact their ability to learn.

EFAA's Solution:

EFAA's Children's Program uses a trauma-informed approach to help parents and their children access the resources they need to have the best chance at success, including after-school activities, homework help, summer camps, volunteer mentors, parenting skills, life and school readiness.

Challenge: Food Insecurity

43,000+ Boulder County residents, including 11,000+ children, don't know where their next meal is coming from.

EFAA's Solution:

Food from EFAA's food pantry fills hungry bellies and helps a family reallocate budget to other critical needs, like rent.

OUR CLIENTS

"I desperately needed help, and EFAA was there for me. And, even more importantly, they gave me hope that I would get through this. Hope is huge. It took me a long way."

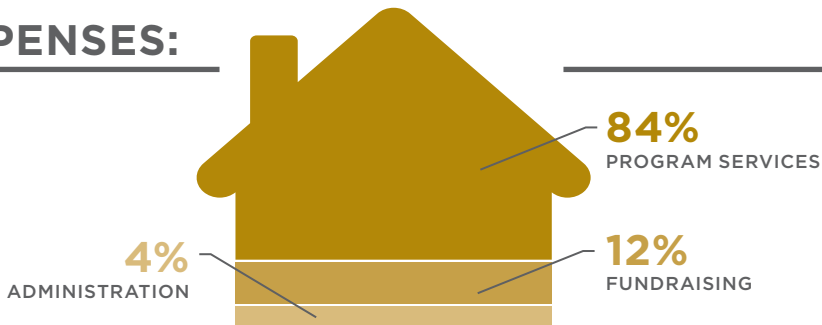

"I want to thank EFAA for your assistance in getting my daughter and me a place to call home. Now I'm off public assistance and paying for everything on my own. It is such an empowering feeling. I am forever grateful."

"Because of EFAA's food bank, I was able to spend my budget on things that would propel us forward instead of just barely surviving. I'm now able to go back to school."

"Your help with making my car operational is especially important, as without transportation I cannot get back on track financially."

THANK YOU FOR YOUR SUPPORT.

We extend special thanks to the many individuals, corporations, congregations, foundations and community groups that supported EFAA this year through generous financial and in-kind assistance from July 1, 2015 through June 30, 2016.

In addition to all that are listed here, we received support from more than 3,000 individuals and organizations of less than \$500. In order to compile this list, we diligently searched our records for gifts received during this time period to provide correct and heartfelt recognition. If your name is not listed, or if there is an error of some kind, we sincerely apologize. We are truly grateful for your support.
