133 Families provided with short term or transitional housing.

637,432 pounds of food distributed so families can redistribute budget to rent.

46% of clients stated that their financial situation is better since last visiting EFAA, up 10% over previous year.

81% of families who exited EFAA housing successfully found affordable, permanent housing.
EFAA Launches New Strategic Plan

EFAA’s new Strategic Plan will expand services to further reduce poverty and family homelessness in Boulder County. To do this, we will focus on three key areas:

• **FIRST,** we will provide deeper levels of case management and supporting services.
• **SECOND,** we will better leverage our partnerships with other agencies to increase client access to the entire network of services available to them.
• **THIRD,** we will take a much more active role in educating the community about the issues that locally impact poverty and family homelessness.

To be effective, efforts will focus on a longer-term, whole-family approach and emphasize improving household outcomes across a range of key measures critical for poverty reduction.
